POLICY PURPOSE
As required by the Chancellor’s Office, it is the policy of the CSU that the campus chief financial officer must annually direct the distribution of reserves in order to designate campus reserves for various purposes in accordance with this policy.

POLICY SCOPE
The scope of this policy includes all state/non-aux. fund(s) such as General Operating Fund, Lottery, Student Success Initiatives, Graduation Initiative, Continuing Education Operating, Continuing Education Revenue Sharing, Parking Operating, and Housing Operating fund(s). Reserve for economic uncertainty may be established in each of the campus operating funds in order to limit impacts of cyclical state recessions and to support year-to-year consistency in the university’s operations.

Designations for “reserve for economic uncertainty” may accumulate up to an amount that is no more than one-half of the projected annual operating budgets in each of the operating funds for which the reserve is established.

In addition, other reserve designations should be established as applicable in each of the campus operating funds for specific capital projects, capital renovation, facilities maintenance, and repair, encumbrances, catastrophic events, or any other specified purpose consistent with the underlying funding requirements and restrictions.
